ULTRASOUND GUIDED INTERVENTIONAL PAIN MANAGEMENT

Two day programme includes lectures and workshops

Lectures by renowned speakers in pain management

Workshops for Ultrasound guided pain interventions run by international faculty

Approved for 12 CPD points by Royal College of Anaesthetists, UK

Lecture Topics include

 Advances in Neuromodulation
 Radio frequency denervation
 Cancer pain
 Pelvic pain

Ultrasound guided interventional pain workshop

Head and Neck
Spine
Pelvic
Peripheral nerve blocks

Radiofrequency treatment
Musculo skeletal ultrasound
Truncal procedures
Novel intervention techniques

Course Directors & Local Coordinators

Dr Mansour Nadhari, UAE
Dr Hassan Shaikh, UAE
Dr Adil Kamal, KSA
Prof Tipu Sultan, Pakistan
Dr Iyad Abbas, Iraq
Dr Karthik Ponnusamy, UK Dr Sheelaj Sharma, UK

Course fee £ 400
Intercontinental Dubai Marina
25th & 26th Feb 2018

Contact: ugip@bookcpd.com
Lectures include
Advances in neuromodulation
Peripheral neuromodulation
Denervation techniques
Pelvic pain
Cancer pain
Masterclass demonstrations for specific anatomical regions

Workshop Programme
International experts in ultrasound
Low delegate to faculty ratio

Skills taught include
Head and Neck - Stellate ganglion block, cervical nerve root block, cervical medial branch blocks, occipital nerve blocks
Spine - Central neuraxial, lumbar facets, sacroiliac joints, caudal
Pelvic - Pudendal nerve, Piriformis
Musculoskeletal - Various joints including - shoulder, ACJ, hip, knee joints
Upper limb - Suprascapular, axillary nerve, approaches to brachial plexus
Lower limb - Lateral cutaneous nerve block, peripheral nerves
Truncal blocks - Paravertebral block, PECS, Serratus plane block
