Gulf Pain School Webinar Series II

**Webinar 1
12th June 2020 1PM UAE**

Management of Common Musculoskeletal Conditions & Evidence Based Approach

**Session 1
Moderator- Dr. Amar Salti**

MSK Conditions and Evidence based treatment

1. Hip OA
2. Greater Trochanter pain syndrome

Speaker-Dr Sadiq Bhayani (UK)

3. Plantar Fasciitis
4. Shoulder OA

Speaker-Dr Yehia Kamel (UK)

5. Ultrasound evaluation of pain generators in osteoarthritis knee; what lies beyond the horizon.
6. Ultrasound diagnosis of Carpal tunnel syndrome; Tips and tricks

Speaker-Dr Abdallah Allam (Egypt)

Session 2

Regenerative Therapies

Dr Chih-Peng Lin (Taiwan)

Objectives

- To gain knowledge of commonly presented musculoskeletal conditions
- Assessment of patients with musculoskeletal pain including investigations
- Evidence based treatment algorithm for the MSK conditions
- Regenerative medicine- basic science
- Regenerative Medicine applications in Musculoskeletal conditions

Webinar 2
19th June 2020 10AM UAE

Upper Extremity MSK and Nerves- Live Ultrasound Scanning

Moderator- Dr Amar Salti (UAE)

Speakers-

Dr Gaurav Sharma- Consultant MSK Radiologist (Belgium, India)

Dr Sadiq Bhayani (UK)

- 1,.Bicep tendon sheath
- 2.SASD
- 3.AC joint
- 4.Shoulder joint
- 5.Suprascapular nerve
- 6.Axillary nerve
- 7.Ulnar nerve
- 8.Median nerve block
- 9.Radial nerve block
- 10.Carpal Tunnel
- 11.MCP Joint

Objectives

- Application of Ultrasounds in MSK conditions
- Diagnosis of shoulder pathologies
- Therapeutic injection for shoulder pathologies
- Ultrasound scanning of peripheral nerves of upper extremity
- Peripheral nerve blocks for upper extremity nerves

Webinar 3
26th June 2020 10AM UAE

Lower Extremity MSK and Nerves- Live Ultrasound Scanning

Moderator- Dr Ammar Salti (UAE)

Speakers-

Dr Sadiq Bhayani (UK)

Dr Gaurav Sharma (Belgium, India)

- 1.Knee joint
- 2.Knee Genicular nerve blocks
- 3.Adductor Canal block
- 4.Infrapatellar branch of Saphenous
- 5.Knee Genicular Nerves
- 6.Common Peroneal
- 7.Ankle Joint
- 8.Tarsal Tunnel
- 9.MTP Joint
- 10.Morton's Neuroma

Objectives

- Application of Ultrasounds in MSK conditions
- Diagnosis of lower limb MSK pathologies
- Therapeutic injection for lower limb MSK pathologies
- Ultrasound scanning of peripheral nerves of lower extremity
- Peripheral nerve blocks for lower extremity

Webinar 4
3rd July 2020 10AM UAE

Peripheral Nerve Entrapments diagnosis and treatment

Moderator- Dr Sadiq Bhayani (UK)

Speakers

Dr Amar Salti Consultant Anesthesia & Pain Medicine- UAE

Dr. Gaurav Sharma- Consultant Radiologist- Belgium/ India

Objectives

- Peripheral Nerve Entrapment
- Management options
- Micro surgery
- Hydro-dissection
