

**NEUROMODULATION SOCIETY OF THE UK & IRELAND
ANNUAL SCIENTIFIC MEETING
4-5 NOVEMBER 2022**

Hilton Newcastle Gateshead, Bottle Bank, Gateshead NE8 2AR, UK

Friday, 4 November 2022

09:00-09:45		Registration/Tea & Coffee/Exhibition
09:45-10:00		ASM Opening Address (Dr Ashish Gulve, President, NSUKI)
		Theme: Basic Science
10:00-10:30	Chair:	Mechanisms of action of Spinal Cord Stimulation: Dr Ilona Obara
10:30-11:00		Does different waveforms and frequencies matter? TBC
11:00-11:30		Tea & Coffee/Exhibition
11:30-12:00	Chair	Transcutaneous Vagal Nerve Stimulation: Prof Jim Deuchars
12:00-12:30		Dorsal Horn Dendrite Stimulation: Dr Marc Russo
12:30-13:00	Chair	Industry Sponsored Satellite Symposium (Mainstay Medical)
13:00-14:00		LUNCH
14:00-14:30		Free Oral Presentations
14:30-15:00	Chair	Industry Sponsored Satellite Symposium (Medtronic)
15:00-15:30		Industry Sponsored Satellite Symposium (Boston Scientific)
15:30-16:00		Tea & Coffee/Exhibition
		Theme: Cancer Pain
16:00-16:30	Chair	Intrathecal Drug Delivery for Cancer Pain: Dr Matthew Brown
16:30-17:00		PACC Guidelines and Cancer Pain: Dr Anu Kansal
17:00-17:30		Setting up Cancer Pain Service: Dr Somnath Bagchi
17:30-18:00		Neuromodulation in Cancer Survivors: Dr Sheila Black & Dr Ashish Gulve

18:00-19:30
20:00-22.30

NSUKI AGM
NSUKI ASM DINNER

Saturday, 5 November 2022

08:00-08:30		Registration/Tea & Coffee/Exhibition
08:00-08:30		Industry Sponsored Satellite Symposium (TBC)
08:30-09:00		Industry Sponsored Satellite Symposium (Nevro)
		Theme: Clinical Trials
09:00-09:30	CHAIR:	Infection Control for Implantable Therapies - What is State of the Art? Dr Marc Russo (TBC)
09:30-10:00		Prospective, Randomised, Crossover, Controlled, Feasibility Study to Assess the Efficacy of BurstDR Spinal Cord Stimulation (SCS) as a Treatment for Persistent Abdominal Refractory Visceral Pain Secondary to Chronic Pancreatitis: PANACEA Trial: Dr Ganesan Baranidharan
10:00-10:30		Industry Sponsored Satellite Symposium (Abbott)
10:30-11:00		Tea & Coffee/Exhibition
		Theme: Controversies in Neuromodulation
11:00-11:30	CHAIR:	Thoracic Spine Magnetic Resonance Imaging Should Be an Absolute Requirement Prior to SCS Lead Insertion. Pro: Mr Girish Vajramani Con: Dr David Pang
11:30-12:00		What System for Whom? Prof Sam Eldabe
12:00-12:30		"FBSS" an obsolete nomenclature. Mr Brian Simpson
12:30-13:00		Citation & Award 'NSUKI Lifetime Achievement Award'
13:30-14:00		Lunch/Exhibition
		Theme: Education & Developments
14:00-14:30	CHAIR:	Past, Present and Future of Peripheral Neuromodulation: Dr Teodor Goroszeniuk
14:30-15:00		National Neuromodulation Registry Phase 2: Dr Ganesan Baranidharan & Prof James FitzGerald
15:00-15:30		Queen Mary University Post Graduate Certificate Course in Neuromodulation: Dr Kavita Popley & Dr Vivek Mehta
15:30-16:00		Post-covid Innovative SCS pathways: Ms Jenny Jennings, Ms Alison Cox, Mr Rob Wilding
16:00-16:30		Free Oral Presentations
16:30-17:00		Dr Peter Toomey Best Poster Award & Closing Remarks
