# Advanced Breast Biopsy Workshop

SATURDAY  
**21st**  
SEPTEMBER

**9 AM - 5 PM**

**ST.BARTHOLOMEW'S  
HOSPITAL**

This one day course will include hands on experience with a variety of interventional ultrasound and Stereo / tomosynthesis guided techniques, including core biopsy, localisation (seed and wire) and vacuum assisted biopsies/excisions.

This course is suitable for breast radiology SpRs, advanced practitioners, consultant mammographers and radiologists. Led by the Barts Breast Radiology team, delegates will be in small groups for hands on experience.

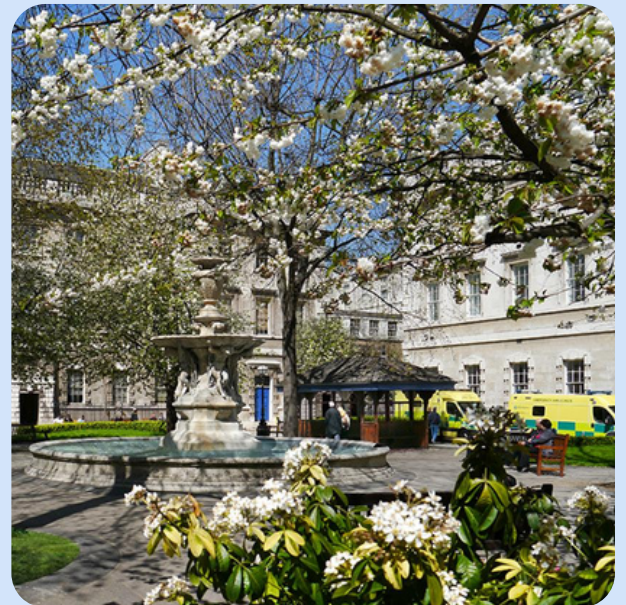

\*This course provides 8 CPD credits in accordance with the CPD Scheme of the Royal College of Radiologists'.
