The British Association of Indian Anaesthetists (BAOIA) is delighted to invite you to its upcoming Annual Scientific Meeting and Workshops, which will take place in Leeds on 10<sup>th</sup> & 11<sup>th</sup> October.

This year's programme promises to be both exciting and enriching. On **10th October**, we will host **Regional and Airway workshops**, offering hands-on learning and valuable CPD opportunities. This will be followed by a **full-day scientific meeting on 11th October**, featuring a series of engaging talks and expert speakers covering a wide range of current topics in anaesthesia and critical care, allowing you to expand your knowledge and skills.

Beyond the academic content, the event offers a unique opportunity to reconnect with peers, share experiences, and strengthen your professional network within our growing and supportive community.

As always, we welcome you and your family to our much-anticipated gala dinner. Your ASM registration includes one complimentary dinner ticket, so feel free to bring your partner or a close friend. Expect an evening filled with delicious cuisine, vibrant cultural performances, and lively music and dancing—a true celebration of our community.

**Registration is opening soon.**
