

THE LONDON FINAL FRCA WRITTEN PRACTICE COURSE

A five-day focused revision course spread over the four months preceding the next written Final FRCA examination.

The sessions are spread out to ensure that candidates get consistent practice, and to enable them to identify any gaps in their knowledge early in their revision.

The curriculum is divided into five sections with teaching based around group discussion of MCQ, SAQ/CRQ practice, consultant-led tutorials and two 3-h Mock tests to guide progress.

Programme
